

Middle School Breakfast Menu

Central Bucks School District
2011–2012 School Year

The Central Bucks School District participates in the National School Breakfast program. Under this program, a breakfast will provide one quarter of a student's recommended daily intake of the following nutrients: protein, calcium, iron, vitamin A, and vitamin C.

Not only will the breakfast provide your child with the nutrients they need to succeed, but students' participation in the National School Breakfast program helps benefit the Central Bucks School District as well!

Contact Information:

ARAMARK Education
Office:
16 Welden Dr.
Doylestown, PA 18901

The following breakfast options will be offered on a daily basis:
